ODUNEYE BOLUWATIFEMITO

12, Onanuga Street, Mushin, Lagos. | oduneyebolu004@gmail.com | 07039836610, 09057746296.

PROFESSIONAL SUMMARY

Passionate about developing scalable and efficient software solutions, with hands-on experience in backend and full-stack development. Proficient in multiple programming languages and frameworks, with a keen interest in problem-solving, algorithms, and system design. Adept at collaborating in dynamic team environments to build impactful digital solutions.

TECHNICAL SKILLS

- **Web Development:** React.js, Node.js, Express.js.
- **Backend Development:** RESTful APIs, Microservices, Authentication & Authorization
- **Frontend Development:** HTML, CSS, JavaScript, Tailwind CSS, Next.js
- **Database Management:** MySQL, MongoDB.
- **Programming Languages:** JavaScript (ES6), HTML5, CSS5, SQL.
- **Version Control & Collaboration:** Git, GitHub, GitLab

PROFESSIONAL EXPERIENCE

Software Engineering Intern   **Aug 2024 - Jan 2025**

- Worked on multiple projects using React.js, JavaScript, and various frameworks to build responsive and scalable web applications.
- Collaborated with a team of developers to implement modern UI/UX designs and optimize frontend performance.
- Developed reusable components and integrated APIs, improving project efficiency and maintainability.
- Participated in code reviews, debugging, and performance optimization, ensuring high-quality software delivery.

EDUCATION

Wesley University, Ondo.   **2021 - 2024**

Bachelor of Science (B.Sc.), Computer Science.

- CGPA: 4.55 / 5.0
- Relevant Coursework: Data Structures & Algorithms, Software Engineering, Artificial Intelligence, Web Development, Database Management.
- Final Year Project: Developed an e-commerce platform for the sale of artworks and and artifacts.

PROJECTS

Artworks & Artifacts E-Commerce Platform
Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Stripe API
- Developed an e-commerce platform for buying and selling artworks and historical artifacts.
- Implemented authentication, shopping cart, and secure checkout features.

Online Bookstore
Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Paystack API
- Built an online bookstore with real-time search, secure payments, and user reviews.
- Developed an admin dashboard for inventory management.

CERTIFICATIONS

Software Engineering Bootcamp - Gomycode (2024)
UI/UX Design Bootcamp - SideHustle (2023)

SOFT SKILLS

- Problem-Solving & Analytical Thinking
- Communication & Team Collaboration
- Leadership & Project Management
- Attention to Detail
- Adaptability & Continuous Learning

HOBBIES & INTERESTS

- Competitive Programming (LeetCode, CodeWars)
- Football Analysis & Sports Tech
